

MR3375-8
Appln. No. 10/618,648
Reply to Office Action dated 3/9/2006

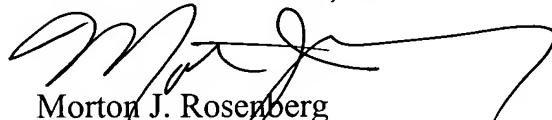

Remarks

This case has been reviewed and analyzed in view of the Official Action dated 9 March 2006. In the Official Action, the Examiner has found two inventions, namely, Species I directed to Claims 1-12, Figs. 1-5, drawn to spectacles with data generation and projection modules housed in a recess that is part of the spectacle frame; and Species II, directed to Claims 13-19, Figs. 6-8, drawn to spectacles with data projection module mounted on a rack that is pivotally mounted on the spectacle frame. The Examiner has required that Applicant choose Species I or Species II for further prosecution in this case.

By this Response, Applicant elects Species I directed to Claims 1-12 and Figs. 1-5 for further prosecution.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
